

THE REAL *heart* of AMERICA

The Real Heart of America isn't in Washington. Or on Wall Street. It's here at home, in communities like ours. Where the hard, real work is done. Where people live by faith, family and community. Where we know what "neighbor" really means and live it every day.

Ours is the Real America politicians, Wall Street and mega-banks too often overlook. Until they need us to bail them out. Again. Just like we always have.

Because here in the Real Heart of America, we're about conscience, discipline, strength... And commitment.

Through good times and bad, we're here for the long term. No whining. No complaining. No bailouts.
