

THE REAL *heart* of AMERICA

The Real Heart of America...

is here — the place we call home.
The one politicians, Wall Street
and mega-banks too often overlook.
Until they need us to bail them out.
Again. Just like we always have.

Because here in our Real Heart of America
we're about conscience...discipline...strength
and commitment. And a bank we can always
count on through good times and bad.

Your Real Community Bank®.

People you can count on,
in good times and bad.
